

Madam:

450 Moselle Street,
Buffalo, N.Y., Oct. 22nd, 1943.

Dear Sir:

Having enjoyed our most successful season here in the history of semi-pro base ball in Buffalo, we are going to close same by having three of the St. Louis Cardinals in our line-up against an outstanding colored base ball team.

We expect to have Stanley Musial, "Whitey" George Kurowski, and one other member of the St. Louis Cards, to play with my white Niagara Falls "Days" against such outstanding colored base ball team, and we hope to be able to stage such game on Sunday, Oct. 17th, 1943; or, at the latest, on Sun. Oct. 24th, 1943. This game would be played on a Sunday afternoon here in Buffalo at Offermann Stadium. It is also possible that we may have these three world's series stars in our line-up in one or two other games against the same outstanding colored team, by putting on such other two games, possibly at Jamestown, N.Y., and Erie, Pa., on a Friday night, and a late Saturday afternoon game (probably at 5 or 6 o'clock), preceding the Sunday afternoon game here in Buffalo.

Will your club be available to come into this territory for such games? In the event that you will not have all of your regular players for this game or games, perhaps you may be able to fill in with members of other outstanding colored teams, and still play under your name, and in your regular uniforms.

Kindly let me hear from you at the earliest possible time, and let me know if your club is available for either the dates of Friday, Saturday and Sunday, Oct. 15th, 16th and 17th, 1943, or Oct. 22nd, 23rd and 24th, 1943.

Trusting to hear from you at an early date in any event, and with kindest personal regards, I beg to remain,

Very Truly Yours,

Ray J. Fischer

P.S. There are over 200,000 Polish people residing in Buffalo, and we expect to do a "Land-Office" business with these two Polish players of national reputation; and especially so, should the Cards win the World's Series. Regardless of whether the Cards will win or lose, however, we expect to have those players here.
